

Subject: Richard Rudis at Sound Healing Conference

Richard Rudis will be presenting a workshop at The Second International Sound Healing Conference in Santa Fe, New Mexico, USA, November 8 - 12, 2007.

Richard Rudis (Karma Sonam Dorje), has been studying Eastern philosophy and Tibetan Buddhism in the Himalayas and the USA for over 25 years.

He has been teaching Buddhist Dharma using the vehicle of vibrational healing for nearly 20 years. He offers certification programs in Vibrational Healing via the exclusive use of Himalayan (Buddhist) Sacred Sound Instruments.

In Richard's experiential workshop, "Sacred Sound/Vibrational Healing Gong Bath: A sojourn into vibrational sound healing," you will be asked to assume a meditational position or to lay on the floor with your crown chakra towards the Gong.

The 'Bath' you will receive is an unforgettable event, which will soothe, inspire, heal and awaken your spirit. It begins with the intrinsic harmonizing properties of the Himalayan Singing Bowls and other Buddhist ritual instruments.

The voices of the Bowls calm and center - paving a path into which the transformational sound waves of the Gong blend. You are bathed with rising and falling rhythms, tonalities and multi-tonal octaves of healing vibrations.

The Gong is precisely tuned to match the vibratory signature of our planet Earth as she journeys with the Sun. The harmonic, sometimes piercing, resonance reduces stress and induces natural healing - physically, mentally and spiritually.

Richard will teach you the proper use of the Himalayan Sacred Sound Instruments to alter consciousness and to stimulate physical healing. You will be introduced to fundamental Tibetan Buddhist Dharma teachings, prepared especially for the Western mind, and provided within the context of the sacred vibrational instruments and their therapeutic usage. Richard will introduce you to the Himalayan sacred metal instruments with a focus on their cultural and historical foundations, creation and usage.

You will participate in experiential demonstrations of practical vibrational medicinal techniques including Tingshaw diagnostics, Ganta/Vajra treatment layouts (for the purpose of motivating and advancing the healing process), as well as Himalayan Bowl patterning (for the purpose of altering consciousness, balancing brain functions, promoting internal harmony and to initialize physical healing at the cellular level).

Other esteemed presenters at this conference include David Darling, Jonathan Goldman, Layne Redmond, Jeffrey Thompson, Barbara Crowe, Katyayani Poole, Hasu Patel, Don Campbell, Silvia Nakkach, Steven Halpern, Arthur Harvey, Cynthia Snodgrass, Christina Tourin, Masaru Emoto, Freddy Silva, Wayne Perry, Joshua Leeds and many other presenters.
